

Clean Sport Commitment Statement

All sporting participants have the right to compete in Clean Sport.

The Sport and Exercise Nutrition Register (SENr) adopts the UK Anti-Doping ('UKAD') and World Anti-Doping Agency (WADA) position that cheating, including doping, in sport is fundamentally contrary to the spirit of sport, undermining the otherwise positive impact of sport on society.

To this end SENr commits to support Clean Sport in the UK in the following ways:

- The SENr supports the mission of UKAD and WADA in achieving clean sport
- All athletes are expected to play, train and compete in line with the spirit of sport, including the anti-doping rules
- All coaches and athlete support personnel are expected to perform their role in line with the spirit of sport, including the anti-doping rules
- SENr is committed to supporting the prevention of doping behaviour in the UK in collaboration with other sporting bodies
- Employed and associated staff will not condone, assist or in any way support the use of prohibited substances and methods (unless permitted by a Therapeutic Use Exemption) in any aspects of their work
- Breaches of this, or any rules/policies referred to in SENr own code of practice/conduct will be acted upon accordingly
- All SENr registered practitioners will be expected to contact UKAD should they become aware of an athlete or NGB member using or considering the usage of a prohibited substance or prohibited method
This contact should be done in confidence on the dedicated confidential Report Doping in Sport line
- The SENr will uphold any sanctions placed upon an athlete by UKAD or other associated body in accordance with the World Anti-Doping Code

How We Support Clean Sport

SENr is integral to sport in the UK by being the professional register for Sport and Exercise Nutrition practitioners. SENr's role is to develop the profession of sport and exercise nutrition in the UK, to provide professional development opportunities and set standards of practice for sport and exercise nutritionists.

Our commitment to a clean sport environment is:

- All registrants will abide by the UK Anti-Doping policy and procedures in accordance with the SENr Code of Conduct
- All registrants will be expected to undertake the UKAD Advisor course as a pre-requisite for Full / High Performance registration or re-registration and undertake to renew this annually as per UKAD requirements
- All SENr accredited postgraduate courses will be required to integrate UKAD Advisor training as part of the course of study
- SENr will produce a supplement usage best practice guide in accordance with UKAD advice
- SENr will provide a space on its Board for a representative of UKAD
- SENr will provide an opportunity for UKAD to be represented at all events

Further details about UKAD and WADA can be found at on the UKAD and WADA website [www.ukad.org.uk] and [www.wada-ama.org/]
